

# TAILOR-MADE SCHOOL MANAGEMENT INFORMATION SYSTEM FOR THE 21ST CENTURY!

## MAKE IT YOUR OWN

**Sled Studio** is a UK tailor-made school management information system for school leaders and office staff which provides the tools needed to efficiently manage the school life. It is efficient, secure, easy to use and saves everybody valuable time so that schools can focus on improving the quality of teaching and learning.

Through utilising the solutions Sled Studio has to offer, data can be accessed, managed and shared easily and securely throughout the school, promoting efficient practices, all through the user-friendly and intuitive interface.

Sled Studio can be accessed from anywhere in the world and on any device with an internet connection. It is a cloud-native, software as a service (SaaS) and works in a browser – no need to install anything on your computer!

Whether you are a small school or a large school group, ***Sled Studio is the perfect solution for you as it is infinitely scalable and modular, so you get a tailored solution just for the needs of your school!*** MAKE IT YOUR OWN!

We cooperate with independent and international schools and at the moment offer the following professional solutions:

# MODULES

1 CENTRAL REGISTER

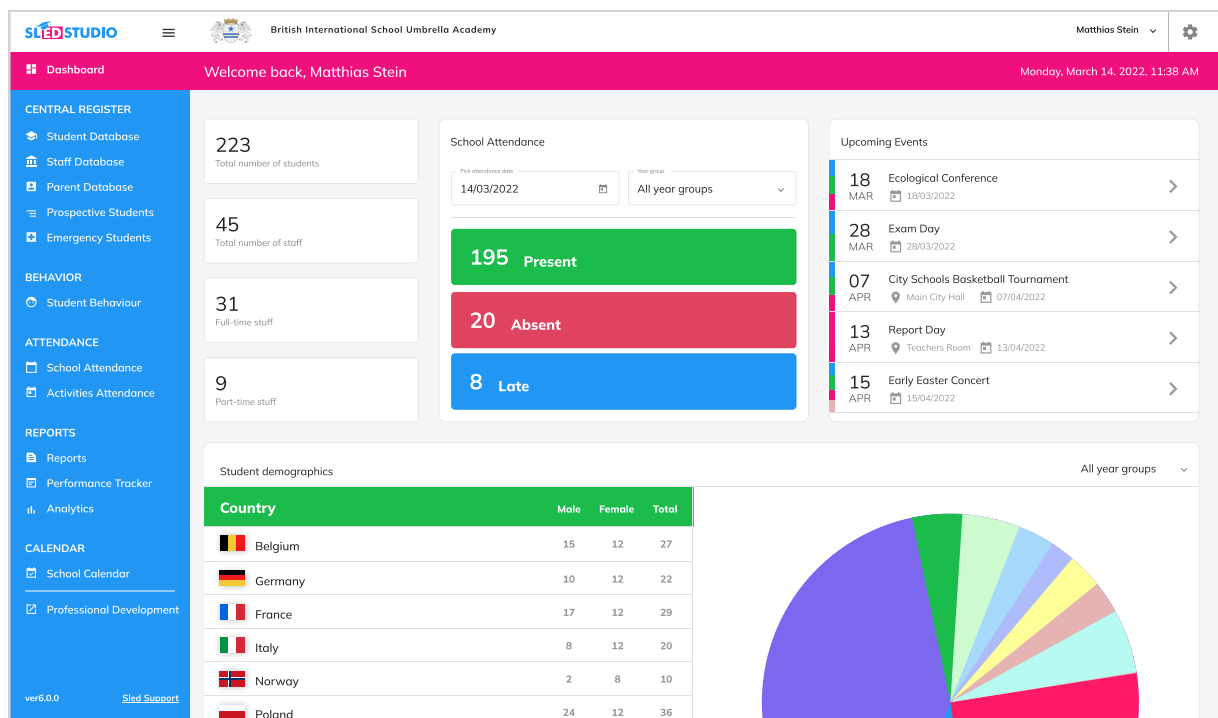

4 PERFORMANCE TRACKER AND REPORTS

2 ATTENDANCE

5 STUDENT BEHAVIOUR

3 NOTIFICATIONS

6 CALENDAR

## Student, Staff And Parent Database

Securely save and store all student and staff data in one place and create, export and print filtered lists in seconds. Export in PDF with the school logo or Excel within seconds!

## School profile

Central place to save the general school information such as the name, logo, address and then it appears everywhere you need it, on all generated PDFs and reports. Independent and international schools need an MIS flexible enough that can be built around your specific terminology and characteristics.

The screenshot shows the SLEDSTUDIO Student Database interface. The top navigation bar includes the SLEDSTUDIO logo, a hamburger menu, the school name 'British International School Umbrella Academy', the user name 'Matthias Stein', and a settings gear icon. The left sidebar contains a menu with categories: CENTRAL REGISTER (with sub-items: Student Database, Staff Database, Parent Database, Prospective Students, Emergency Students), BEHAVIOR (with sub-item: Student Behaviour), ATTENDANCE (with sub-items: School Attendance, Activities Attendance), REPORTS (with sub-items: Reports, Performance Tracker, Analytics), CALENDAR (with sub-items: School Calendar, Professional Development), and a version number 'ver6.0.0' with a 'Sled Support' link.

The main content area is titled 'Student Database' and features a 'SEND NOTIFICATION' button and an 'ADD NEW STUDENT' button. Below the title is a table of students with the following columns: Year, Name, ID, Surname, Status, Gender, Nationality, and Date of Birth. The table is filtered by 'Active' status and 'Year 11, Year 12'. The table contains 18 rows of student data.

Year	Name	ID	Surname	Status	Gender	Nationality	Date of Birth
Year 11	Dalahlah Lovegood	025	Dali	✗	Female	Turk	18/8/2006
Year 11	Elliesia Lovegood	026	Elli	✗	Female	Turk	18/8/2006
Year 11	Amber Herzlich	312		✓	Female	Canadian	12/2/2006
Year 11	Denis Kroupul	201		✓	Male	Australian	28/8/2005
Year 11	Francis	311		✓	Male	Belgian	08/8/2006
Year 12	Jonas Schwarz	089	Jonas	✓	Male	German	18/4/2004
Year 12	Alexandr Markus	056	Alex	✗	Male	American	01/4/2006
Year 11	Dayana Crist	275		✓	Female	Belgian	12/2/2006
Year 12	Oliver Gerz	299		✗	Male	German	01/4/2006
Year 11	Tamir Amir	275	Tommys	✓	Female	Turk	12/2/2006
Year 12	Morties Mayer	041	Morty	✗	Male	American	01/12/2005
Year 11	Dayana Crist	275		✓	Female	Belgian	15/3/2006
Year 12	Edik Tsotson	299		✗	Male	Georgian	4/10/2006
Year 11	Maria Sharapova	103	Merry	✗	Female	Russia	21/10/2005
Year 12	Bob Taylor	101		✗	Male	British	01/6/2006
Year 11	Dayana Crist	275		✓	Female	Belgian	09/1/2006
Year 12	Tamara Katz	05		✗	Female	British	11/2/2005

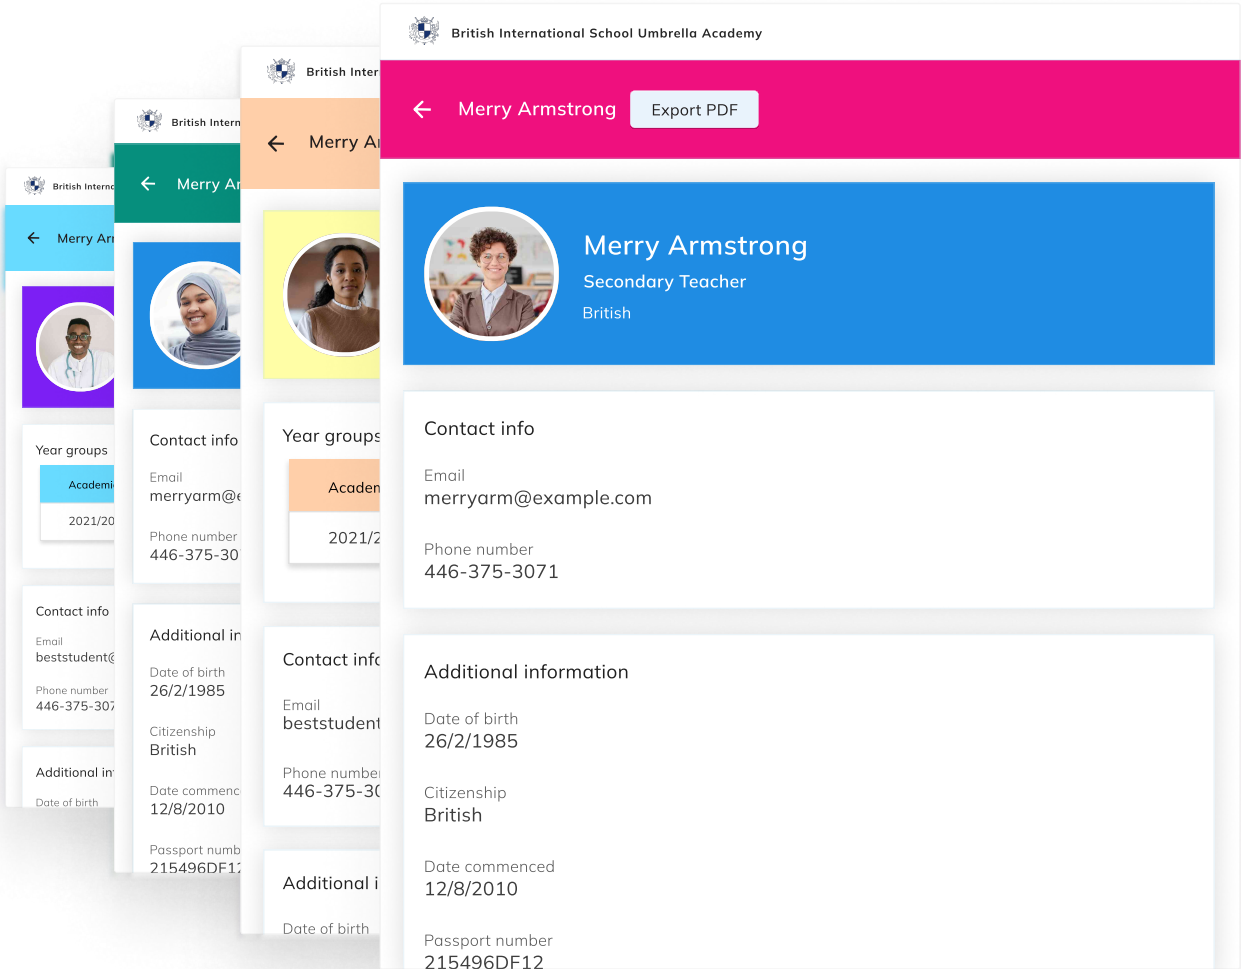

At the bottom of the table, there are buttons for 'BULK ACTIONS' and 'SHOW/HIDE COLUMNS'.

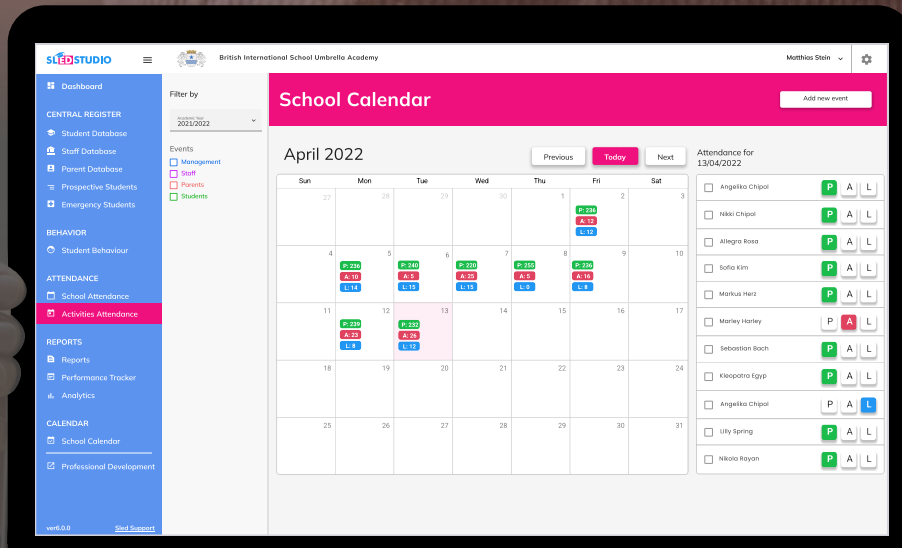

## Individual Student & Staff Profiles

The system allows you to see all student and staff individual details in one place, just like their own CV! You can share and export this data as PDF easily but securely! This is where you store key information including contact details, addresses, phone numbers, emails, photographs, and more. There is also access to the more sensitive, personal data including the student's medical information and learning support records.

For staff the data includes the identity checks, DBS, qualifications, references, etc.

# ATTENDANCE & NOTIFICATIONS

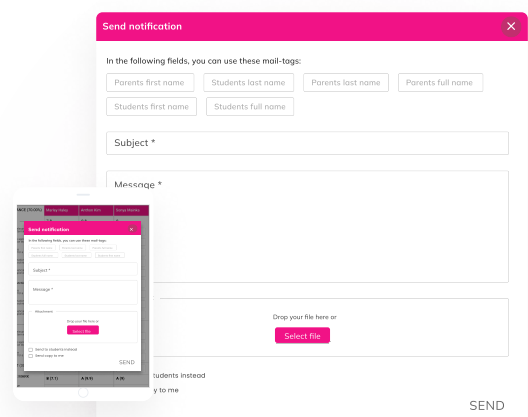

## Attendance tracker

Track and report student attendance with ease – school hours or after school activities. Students can be recorded as present, absent or late. An auto-calculated dashboard gives you attendance summary based on the entire school, individual year groups, subjects and even students.

## Notifications

Gain control of all your internal and external communications through Sled Studio and send targeted messages to students, parents, teachers and associated contacts from one centrally managed module in a safe environment.

# PERFORMANCE TRACKER

## Performance tracker

UK National, Cambridge International, IB or other curriculum – Record, update and monitor your students' progress, analyse attainment, inform & report to others. The system is intuitive and easy to use with modern layout and minimum clicks needed.

The screenshot shows the SLEEDSTUDIO interface for the British International School Umbrella Academy. The left sidebar contains a navigation menu with categories: DASHBOARD, CENTRAL REGISTER (Student Database, Staff Database, Parent Database, Prospective Students, Emergency Students), BEHAVIOR (Student Behaviour), ATTENDANCE (School Attendance, Activities Attendance), REPORTS (Reports, Performance Tracker, Analytics), CALENDAR (School Calendar), and Professional Development. The main area displays 'Marks per student' for 'SCHOOL PERFORMANCE (70.00%)'. It features a table with columns for students: Marley Haley, Anthony Kim, Sonya Mairika, Markus Herz, and Marley Haley. The table lists various mathematical skills and their corresponding marks. At the bottom, it shows the 'OVERALL AVERAGE MARK' and a 'TEACHER COMMENT' field.

	Marley Haley	Anthony Kim	Sonya Mairika	Markus Herz	Marley Haley
<b>SCHOOL PERFORMANCE (70.00%)</b>					
<b>Pure Mathematics 1</b>	7.8	9.8	9	8.4	7.8
Show understanding of relevant mathematical concepts, terminology...	8	9.7	8	8	8
Recall accurately and use appropriate mathematical manipulative techniques	7	10	8	7.8	7
Recognise the appropriate mathematical procedure for a given...	8	10	8	10	8
Apply appropriate combinations of mathematical skills and techniques in...	9	9.8	9	9	9
Present relevant mathematical work and communicate corresponding...	9	9.3	9	9	9
<b>Transfer graphs using functions</b>	6	10	10	6	6
Recognise the appropriate mathematical procedure for a given...	7	10	10	8.1	7
Apply appropriate combinations of mathematical skills and techniques in...	8	10	8	8	8
Present relevant mathematical work and communicate corresponding...	9	9.7	9	9	9
<b>Statistics 1</b>	6.7	10	10	9.6	6.7
Show understanding of relevant mathematical concepts, terminology...	5	10	10	10	5
Recall accurately and use appropriate mathematical manipulative techniques	8	10	10	10	8
Recognise the appropriate mathematical procedure for a given...	7	10	10	10	7
<b>PROGRESSION TEST (30.00%)</b>					
<b>OVERALL AVERAGE MARK</b>	<b>B (7.1)</b>	<b>A (9.9)</b>	<b>A (9)</b>	<b>A (9.1)</b>	<b>B (7.3)</b>
<b>TEACHER COMMENT</b>					

## Reports

Export tailor-made informative and meaningful PDF report cards which can be easily sent to parents. There is an option to add an approval process before reports can be released.

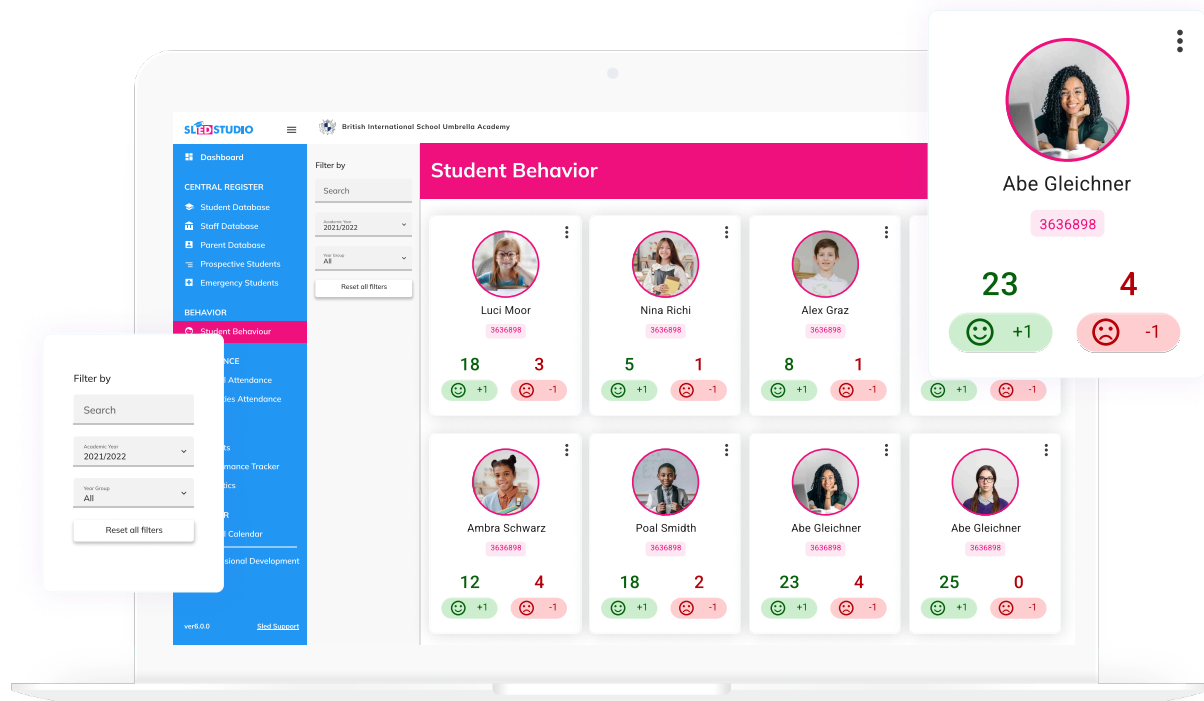

The screenshot shows the 'My Children' section of the SLEEDSTUDIO interface. It displays three student profiles: Abe Gleichner, Jacky Gleichner, and Merlin Gleichner. Each profile includes a student number, year group, date of birth, and a 'View marks' button.

Student Name	Student Number	Year Group	Date of Birth	Action
Abe Gleichner	3636896	Year 9	27/11/2006	<a href="#">View marks</a>
Jacky Gleichner	3636896	Year 5	01/08/2011	<a href="#">View marks</a>
Merlin Gleichner	3636897	Year 6	11/09/2008	<a href="#">View marks</a>

## Access for parents

The parents have separate logins for their own area where they can monitor their children's academic progress in real time. This saves valuable time and enables everybody to stay on top of the children's current needs, be it more challenge or work on weaknesses.

# STUDENT BEHAVIOUR

Help your students excel by implementing a school discipline strategy and process. Teachers easily submit discipline reports, principals and parents have the data they need at their fingertips.

Less time for student discipline issues, better discipline, improved classroom education!

# CALENDAR

Enter and share important events with selected groups: management, parents, students, staff, etc. You decide who gets the access to which calendar or specific event or meeting.

From now no one will forget about your events!

The screenshot displays the SLEDSTUDIO School Calendar interface for July 2021. The interface is divided into a left sidebar, a top navigation bar, and a main calendar area.

**Left Sidebar:**

- Dashboard**
- CENTRAL REGISTER**
  - Student Database
  - Staff Database
  - Parent Database
  - Prospective Students
  - Emergency Students
- BEHAVIOR**
  - Student Behaviour
- ATTENDANCE**
  - School Attendance
  - Activities Attendance
- REPORTS**
  - Reports
  - Performance Tracker
  - Analytics
- CALENDAR**
  - School Calendar**
  - Professional Development

**Top Navigation Bar:**

- SLEDSTUDIO logo
- British International School Umbrella Academy
- Matthias Stein (user name)
- Settings icon

**School Calendar Header:**

- Month: July 2021
- Navigation: Previous, Today, Next
- Filter by: month, week, day, list
- Add new event button

**Calendar Grid:**

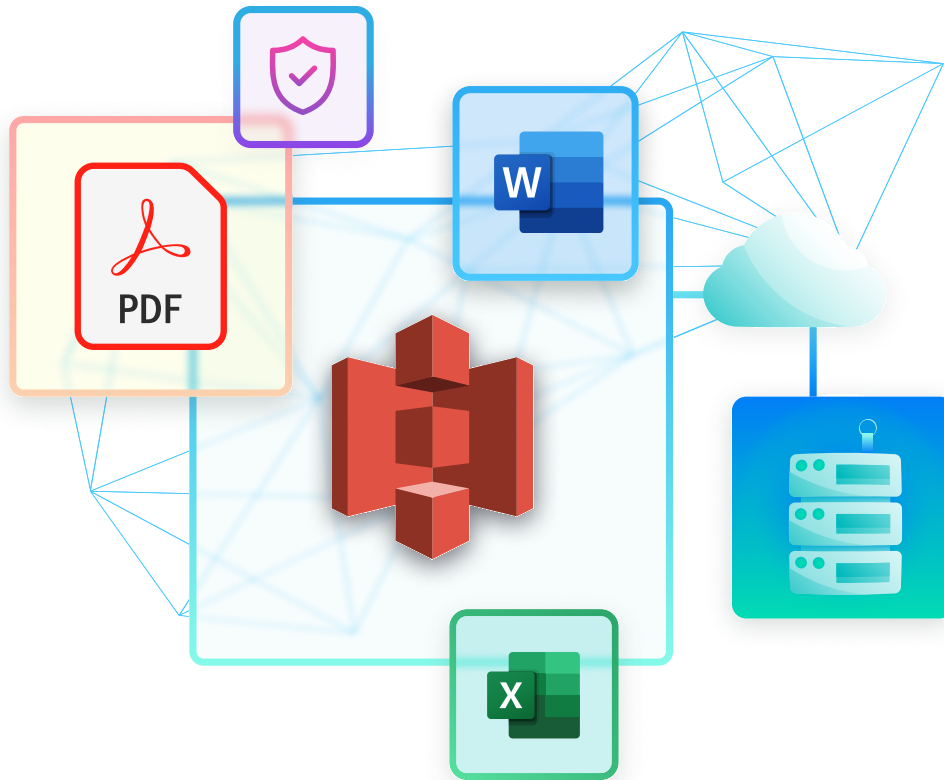

Sun	Mon	Tue	Wed	Thu	Fri	Sat
27	28	29	30	1	2	3
4	5	6	7	8	9	10
11	12	13	14	15	16	17
18	19	20	21	22	23	24
25	26	27	28	29	30	31
1	2	3	4	5	6	7

**Events:**

- 10:00 - Hiking camp (Sun 1st)
- 10:35 - Upcoming Recur... (Wed 7th)
- 11:00 - Summer History Camp (Mon 19th - Thu 22nd)
- 18:00 - Presentation (Fri 9th)
- 10:00 - Hiking camp (Sat 31st)
- World Book Day (all) (Thu 15th)
- General School meeting (Mon 19th)
- Digital Workshop (Fri 9th)

**Footer:**

- ver6.0.0
- Sled Support

## High Data Security

When developing a content-rich platform, such as a tailor-made school management information system, data storage, and data security is of high importance as data breaches can cost schools millions. Guided by the fact that the application has a wide range of functionalities such as data XLS import and export, PDF export, generate PDF on fly, reports and charts export etc. to provide users with a fast, scalable and secure place to store documents, we turned to AWS S3. AWS S3 provides server side encryption where S3-managed keys encrypt files before saving it to disk and decrypts it when users request access to the file. AWS S3 made it extremely simple to store and retrieve files from any device, proving to be a highly scalable solution.
